Price per person : 174 EURO

Including Transfer to/from Rethymno port

ONE-DAY CRUISE TO SANTORINI

Description

Our company's goal is to offer our passengers the best possible services and satisfy their needs to the fullest.

During their stay on the island our passengers make a first stop at Oia where they get the chance to enjoy world famous sites like the unique view from Kaldera, Oia's commercial side, churches and traditional captains' houses. What follows is magnificent Fira, the capital of Santorini, for either one or three hours according to their tour of choice. Again, they have the chance to enjoy the view and Kaldera's impressive rock cliffs. They can walk around picturesque village roads to explore the special beauty of this Cycladic island and cherish its traditional architecture and local market.

Having concluded their visit at Fira passengers can either choose to remain at the beautiful capital of the island or visit the lovely seashore of Perissa with its black pebbles where they can spend about two hours. Our passengers can put on their swim suits and take a swim or shower. They can also have lunch in one of the local restaurants. If they choose to do so (at an extra charge), visitors can also sail around the volcano on traditional fishing boats of the Aegean. They can take pictures and admire its natural beauty on a one-and-a-half-hour trip. The charge is €16.00 per person and children between the age of 4 and 11 get a 50% discount.

This season, from mid-June onwards, passengers will have one more choice: instead of visiting Fira they will have the opportunity to visit the archaeological site of Akrotiri for a whole hour accompanied by an experienced tour guide, specialized in sites of archaeological interest. Our passengers will then have the opportunity to visit either Perissa or the volcano and, if time permits, they will have a short-term visit around Fira.
